(303) 990-1027  
3646 E. 124th Ave.,  
CO 80241

A versatile and creative professional with extensive experience in digital and traditional arts. Proficient in photo and video editing, generative coding, and video game design. A dedicated academic and scholar with a passion for learning and sharing knowledge. Hardworking and driven, committed to creating immersive and interactive storytelling experiences. Enthusiastic about blending art with technology to inspire and engage diverse audiences.

## Experience

Teaching Assistant  
University of Denver, Denver, CO  
Sept 2022 – Present

Assisted in teaching college-level courses, including Time, Systems, Art Installations, Digital Typography, and Bio Media. Provided support in workshops and tutorials, guiding students on video editing, photo editing, and the operation of software and related equipment. Facilitated student learning in code-based work, assisting in grading assignments and providing constructive feedback.

Gallery Co-Owner and Marketing  
Outreach Manager  
Lakewood Arts Inc., Denver, CO  
July 2018– Present

Led marketing outreach initiatives using GoogleAnalytics and various email marketing platforms to promote exhibitions and engage with artists and collectors. Worked closely with Figma for diverse purposes. Managed gallery operations, including coordination with larger organizations for collaborations, and curated exhibitions to enhance cultural and artistic experiences for visitors.

Photography and Editing Lead  
North Media Group, Thornton, CO  
June 2022 – November 2023

Managed and executed photography assignments for appliance magazines, specializing in product shoots both in-studio and on location. Proficient in digital editing using Adobe Photoshop, Lightroom, Premiere Pro, After Effects, Adobe Animate, Affinity Designer, Affinity Photo, and DaVinci Resolve. Employed glitch techniques through data moshing using Audacity to enhance images for publication, ensuring true to form glitch based work.
